Khaleel Paul-Green

Markham, ON ● (647) 688-1038 ● khaleelpaulgreen.code@gmail.com

Summary

Motivated web developer looking to build upon experience. Highly organized with superior work ethic and team player attitude. Exceptional attention to detail, problem-solving, and communicative skills. Thoroughly trained in the use of HTML, CSS, Javascript, Node and APIs, through multiple practical website building projects.

Skills

- Express Handle
- Javascript
- Flexible
- Node
- Server-side APIs
- Third-party APIs

Work Experience

Tech Blog   November 2021
- Constructed a site where where developers can publish their blog posts and comment on other developers' posts
- Implemented login and sign up feature that requires users to create an account in order to post comments
- Created SQL database to store user, post and comment data

Team Generator   October 2021
- Constructed a console application that takes user input from a series of command line prompts, and dynamically formats them onto an HTML page
- Ran a series of javascript tests to ensure each class function was executing correctly

Note Taker   October 2021
- Implemented backend functionality to existing frontend starter code to create an application that can be used to write and save notes
- Designed various routes to carry out each function of the application
